globalpayments

Statement @dvantage

Communication

Global Payments' Statement @dvantage provides clients with one monthly comprehensive and consolidated statement for all card types processed. This includes information on both Visa® and MasterCard® transactions, as well as Interac® Direct Payment transactions, which are settled by Global Payments. In addition, it also lists daily card transaction summaries for American Express®, Diners Club® and "Other" cards that are processed but not settled by Global Payments.

Statement @dvantage reports additional details for Visa, MasterCard and Interac transactions sorted by business and consumers credit card purchases, average ticket item, discount rate/per item rate, card type volume as well as charge-back related activities.

Benefits

- Canadian merchants can access ONE comprehensive, consolidated billing statement for VISA, MasterCard and Interac Direct Payment transactions.
- Provides detailed billing and related point-of-sale services information, as well as enhanced charge-back reporting and monitoring features
- Charge-back section lets you quickly identify VISA and MasterCard charge-backs and rejects processed through your account
- Provides summary transactions for other card types, including American Express and Diners Club

A Leader in Payment Processing
