

# INGENICO iCT SERIES DESKTOP TERMINAL

Integrated Contactless Option Available

## INTRODUCTION

You'll find these terminals most familiar and they are ideal for any premises with fixed payment points. Their compact size means they take up minimum counter space, but they feature a large display and large backlit keys for ease of use. They also offer easy and fast acceptance of card payments.

The iCT series offer a clear backlit or colour screen and its smart design includes optional integrated Contactless for processing ultra-fast lower value payments (up to the Contactless limit<sup>1</sup>).

## KEY BENEFITS

- Easy to use with a full set up guide
- Quick payments as the terminals allow transactions to be paid directly into your bank account within three working days
- Flexibility to choose your own end-of-day report time to suit your business needs i.e. after midnight for restaurants
- Audit capabilities with end-of-shift and end-of-day reporting for management review
- Personalised messages can be printed on receipts to use for advertising and promotions
- White Lit LCD screen allows easy reading, and merchant screen branding option on the colour screen iCT250

## KEY FEATURES

- Fully compliant with Payment Card Industry PIN Transaction Security (PCI PTS)
- Integrated Contactless on the colour iCT250
- IP enabled for fast transactions [4x faster than dial-up/Public Switched Telephone Network (PSTN)]<sup>1</sup>
- Transactions are stored and processed securely end-to-end
- Gratuities available as either a fixed amount, or percentage of the bill and on screen or paper
- Supervisor password (not card)

## DEVICE SPECIFICATIONS

**Size:** 185mm (L) x 83mm (W) x 63mm (H)

**Weight:** 325g (both the iCT220 and iCT250 terminals)

These terminals come with a 3 metre telephone cable and a 3 metre power adaptor.
